

KUERSSCHE

WOODEN CHANDELIER

TOUR 2021

„Kuersche is the first guy since Bob Dylan who can make 8000 people freak out with just an acoustic guitar!“

(FURY-GUITARIST CHRISTOF STEIN AFTER THE GERMANY TOUR WITH FURY)

After 3 succesful years with the band „Kuersche and members Fury in the Slaughterhouse“, Kuersche is on Wooden Chandelier Tour 2021 with new five-men band including brass section and new songs arrangements.

Demanding singer/songwriter-indie pop, and audience-enganging-animations, serious texts and humorous entertainment – that’s how the multitalent will not let himself to be sticked into a box. KUERSSCHE developed many facets throughout the years.

Kuersche expanded his band with a brass section to a five-men band and in addition to young, fantastic musicians Jan (bass) and Lars (percussion) Neumann, Daniel Zeinoun (trumpet) and Laurenz C. Wenk (saxophone) joined in as well. All of them are not only educated musicians, who can execute Kuersche’s compositions perfectly, but also would fit perfectly in the Manchester’s music scene with their style and attitude.

Together they create a musical symbiosis of generation and let Kuersche shine in new light.

In addition to mainly own songs, there are usually also good cover-versions. With quite a few support-tours with singing, acoustic guitar and fog machine or kinda his own songs as remix with beats from looper, Kuersche performs also live bass-lines with his electric guitar.

Kuersche rocks all stages and is the perfect solo act for all kind of spectacular venues: On the deck of a three-masted sailing ship, during the break of an ice hockey game, on the counter of a Reeperbahn Club or during the break of big festivals and of course support for big tours ...

With his new band he can conquer the world and rock stages of all nations!
